INFORMATION AUSTIN FOUNDER LIONS CLUB GATHERS AND TRACKS

Information Austin Founder Lions Club gathers through aggregated tracking information is derived mainly by tallying page views throughout our sites. This information allows us to better tailor our content to readers' needs.

Usage tracking

Austin Founder Lions Club tracks user traffic patterns throughout all of our sites. However, we do not correlate this information with data about individual users. Austin Founder Lions Club does break down overall usage statistics according to a user's domain name, browser type, and MIME type by reading this information from the browser string (information contained in every user's browser).

We do not track what individual users read, but rather how well each page performs overall. This helps us continue to build a better service for you. We track search terms entered in Search function as one of many measures of what interests our users. But we don't track which terms a particular user enters.
